Size exchange: Replacing or more appointed sizes in one second! So that we can copy the nested solution for different sizes. No need starts from scratch for the original marker.

'The Preferred Embroidery & Garment Printing Solution Provider'

A pioneer in the computerised embroidery industry founded in 1994, our core business activities include the distribution of computerised embroidery machine, computerised embroidery software, garment cad system and textile equipment. With the vision to make embroidery and printing as easy as 1, 2, and 3, we have positioned ourselves to be the preferred solution provider in the industry. Up-to-date, we have obtained approximately 85% of the Computerised Embroidery Machineries and Computerised Embroidery Software market shares in Malaysia. We strive to become the innovative trend setter in the industry by constantly introducing new and exciting products and solutions to the market.
