

*Wooden Gift Ideas*

Living up to the Wooden Gift Ideas name, our primary focus is to create the finest wooden products with the most unique ideas and design. We are made of a team of experienced Malaysian designers and crafters with an endless passion and love for wood.

The appealing natural texture of wood have always inspire us to explore and create useful and meaningful wooden products with limitless personalisation.

As an environment-oriented company that mainly uses natural sources for our products, we consistently do our best to choose and use ecological woods and avoid unnecessary wood scrap to help preserving the Earth.

Whether you are going for a unique Valentine's Day present, birthday gift, anniversary gift, or just a token of appreciation for corporate events, consider personalizing your next gift with us and impress your recipients.
